**Disclaimer**

This website contains only information about myself, and the band Psyche. There is no data collection, analytics, or cookies involved. Although I did used to like Oreos, and Chocolate Chip, I'm too old for that much sugar.

**Liability for Content**

The content of this website was created with great care. I can't take any guarantee for the accuracy, completeness and timeliness of the content. Responsibility for the removal or blocking of the use of information under general legal provisions is unaffected. A liability is only possible from the date of knowledge of a specific infringement. Upon notification of such violations, I will remove the content immediately.

**Liability for Links**

My site contains links to external websites over which I have no control; therefore I cannot accept any liability for these websites. The respective provider or operator is responsible for the content of the linked sites. The linked sites were checked at the time of linking for possible violations, and illegal content was not present at the time the link was set on our site. A permanent control of the linked pages is unreasonable without concrete evidence of a violation of law. Upon notification of violations, I will immediately remove such links, but hey it's only Google, Facebook, and co. Good luck.

**Copyright**

The content and other work on my website is apparently subject to copyright. The reproduction, adaptation, distribution or any kind of exploitation outside the limits of copyright require the written consent of the respective author. Downloads and copies of these pages are only permitted for private, non-commercial use. Insofar as the content on this site is created by the operator, the copyrights of third parties are respected (in particular the content of third parties is identified as such).
